Hot/Cold peel

Shelf life
At least 5 years

Washing durability
Up to 60°C

Tumble drying
Up to 60 °C

Ironing on
reverse only

Application temp.*
130 °C

Application pressure*
2-6 bar

Application time*
15 seconds

** These specifications are only intended as recommendations. Certain deviations in temperature, time & pressure may occur depending on the material our heat transfer is applied to.*

BASIC SETTINGS

The following basic settings are suitable for the majority of textiles.

Temp*
130 °C

Time*
15 seconds

Pressure**
2-6 bar

Plastic carrier removal
Hot/Cold peel

** The application time may be reduced to 10 seconds if you increase the temperature of the heat press to 160°C.*

***The standard setting for a small base plate is 2-3 bar, with 4-6 bar for a large base plate. When using a heat press from a manufacturer other than Hot Screen, the pressure should be set to 0.5-1.5 kg/cm2.*
